

Rust Utrecht

Programme

19:00 Welcome

19:30 Talk about *Arduplayer* by Adolfo Ochagavía

20:00 Workshop

22:00 Fin

Workshop

We had workshops about cut and wc.

And regex 1.0.0 was released this week ...

Workshop

Build a clone of the `grep` program.

Read from `stdin`, print lines containing a match.

Take the regex from the command-line.

Advanced users: highlight matches.

If time allows: read from a file in addition to `stdin`.

Pointers

- `doc.rust-lang.org/std` or `rustup doc`.
- `docs.rs/regex/1.0.0`
- `std::env::args`
- `std::io::stdin`

Thanks for attending
